

INCOME EXAMPLE C

(FALL 2020 BILL FOR STUDENT C – UPPER MIDDLE INCOME EXAMPLE)

CASE STUDY: Student C is a second-year college student and applies for federal financial aid by completing the Free Application for Federal Student Aid (FAFSA) at <https://fafsa.gov/>. The federal government calculated her Expected Family Contribution² (EFC) to be \$6,000. The EFC represents a family’s ability to contribute toward the student’s education and is used by

all colleges to determine a student’s federal aid eligibility. Student C’s family consists of 4 people (mom, dad, and one sibling) and her parents earn about \$72,000 per year. Student C compares the cost of living on-campus versus commuting from her parents’ home:

ON CAMPUS	
Tuition	\$3,635.00

DISCUSSION:

Based on Student C’s family income, she does not qualify for a Federal Pell Grant and qualifies for the minimum NYS TAP Award. Student C does not qualify for the Excelsior Scholarship because she failed to earn at least 30 credits in the prior academic year. Student C calculates that she will owe \$8,486.40 per semester if she lives on-campus. Additionally, she would need to pay out-of-pocket for textbooks (~\$500/semester). Student C’s options to pay the remaining amount due include: enroll in a payment plan to divide the balance into four monthly payments; ask her parent to apply

for a federal Parent PLUS loan; or borrow a private student loan (after securing a creditworthy co-signor). Student C is unable to afford the payment plan and determines she would need to borrow a total of \$22,473 her sophomore year to cover her costs (\$3,500 subsidized loan, \$2,000 unsubsidized loan, and \$16,973 private loan).

COMMUTING from home, Student C’s out-of-pocket expense is significantly reduced. If Student C borrowed the full loans offered to her, she would need to pay \$1,233.40 to Buffalo State each semester.

NOTES AND DISCLAIMERS

¹ Case study assumes the student is a NYS resident and a U.S. Citizen or eligible non-citizen; student is considered “dependent” for financial aid purposes and is working on her first bachelor’s degree.

² A student’s EFC is derived from family income and assets, household size, and the number attending college.

³ New York State TAP is based on NYS taxable income, not the student’s EFC. TAP and Pell are often similar amounts, but they can vary significantly.

⁴ Students must submit an online Excelsior Scholarship application with HESC. Students must meet annual income and academic requirements to retain eligibility. Students must reside in NYS for each year they receive an award or they must repay the grants received. Students that receive an Excelsior award are eligible for a reduced tuition rate of \$3,235 per semester. See more at <https://www.hesc.ny.gov/excelsior>.

⁵ All loans must be repaid after the student graduates or after he/she is no longer enrolled half-time.
