

How to Obtain an IRS Tax Return Transcript

Federal regulations require financial aid offices to collect IRS tax return transcripts for verification of FAFSA data. Provided below are different methods for obtaining your free IRS tax return transcript. The methods are ranked in order of speed and preference. If you are unable to retrieve your IRS tax return transcript using one of the methods, try another method provided. Be advised that not all individuals are eligible to use each method. You may also refer to <http://financialaid.buffalostate.edu/irs-tax-transcripts> for additional information.

Individuals that did not file taxes may be required to submit proof of their non-filing status. Non-filers can obtain an IRS letter of non-filing using methods 2 through 5.

Method 1 (preferred/fastest/most secure): Transfer your IRS tax return information into your FAFSA

To use the IRS Data Retrieval Tool (DRT), complete the following steps:

1. Go to <https://fafsa.ed.gov/> and select the "Login" button.
2. Log in using your Federal Student Aid ID (FSA ID) and password.
3. Select the "Continue" or "Make a FAFSA Correction" link.
4. Select the "Financial Information" tab:
 - Parents** of dependent students: Go to "Parent Financial Information"; parent must use their own FSA ID.
 - Students**: Go to "Student Financial Information"; students must use their own FSA ID.
5. In the Financial Information section, click the "**Link to IRS**" button. You will be prompted for your FSA ID and password and then you will be transferred to the IRS website. **Note:** if you are not eligible to use the data retrieval, you will not see the "Link to IRS" button and you must use another method below.

6. Once at the IRS site, enter your information (address, tax filing status) exactly as it appears on your federal income tax return for the year requested and click the "**Submit**" button.
7. If the IRS successfully matches your information, check the box to transfer your data to your FAFSA and then hit the "**Transfer Now**" button. This will return you to your FAFSA with your IRS data imported. You will see "Transferred from the IRS" printed on the FAFSA where appropriate.
8. Proceed to sign and submit your FAFSA so Buffalo State can receive the updated information.
9. **Students should monitor their Banner account** to ensure the updated FAFSA was received (typically in 3-5 business days). Tax return transcript requirements will show as "Verified Internally" when the IRS DRT was used.

Method 2: Print your IRS Tax Return Transcript from the IRS Website

To print your return transcript online, complete the following steps:

4. You must have some credit history for the IRS to confirm your identity. If the IRS cannot confirm the user's identity, an online account will not be created, and the user will need to use another method to obtain the transcript.
5. Once you create an account, you will be able to view, print, or download your IRS tax return transcript.
6. Choose "**Return Transcript**" and select the year requested. **Note:** Account Transcripts are not acceptable.
